Calumet Basketball Team in Semi-Finals

The Calumet heavyweights, by defeating Parker 17-15 at the Calumet High School gymnasium last Thursday, qualified for the inter-sectional semi-final series of the Chicago Public High School Basketball League.

The team has made a consistent improvement since the beginning of the season and stands a good chance to enter the finals.

The feature of Thursday's game was the basket throwing of De Marco, who scored the winning goal.

Calumet has produced a number of basketball stars, notably Paul Hinkle, who graduated in 1916 and has captained the winning conference team at the University of Chicago this year. Julian Mee, who has been playing on the University of Illinois team which stands well up in the conference group, is also a graduate of Calumet.

After their success at soccer this fall, Calumet boys feel that a basketball championship would be in order.

Dr. Norman E. Richardson Talks to Scoutmasters

Director of Religious Education of Northwestern University Addresses Conference

Dr. Norman E. Richardson, director of religious education department of the Northwestern University, was the speaker at the monthly conference dinner for the scoutmasters and assistants of the southwest district, held at the Campus Court dining room, 68th St. and Normal Blvd., Tuesday evening, March 9th.

A plan was laid for an extensive campaign for scout leaders to become scoutmasters, assistants, Court of Honor examiners and committeemen. This campaign is planned for the last ten days of March, commencing March 22, when scouts and scout officials will approach their friends in behalf of leadership for the boys who are not already in scouting.

The educational trip for the scouts of the district for March will be held on Saturday, March 20th, when at the invitation of Sears, Roebuck & Company, one hundred first and second class scouts will visit their plant.

Who were the 79th St. boys that blew themselves at the New China last week? Ask Dutch. He knows.

Auburn Park Improvement Association

Masonic Temple, 7832 S. Union Ave.

Meeting held Tuesday evening, March 2nd, which was well attended and shows the members are becoming interested in welfare of their surroundings. Dr. Waterman gave a short talk on the new hospital that is needed in Auburn park. To all the members of Auburn Park Improvement Association: Your special attention is called to the motion that was passed at meeting held Tuesday, March 2nd; on and after March 2nd all meetings will be held on the first Wednesday of each month instead of the first Tuesday. The next meeting will be held on Wednesday, April 7th, at 8:15 p. m. We want every member to attend as we intend to appoint an executive committee that will take some action to help make the association a success. If there is any member who wishes to act on this committee kindly be present at the next meeting, April 7th (notice). My friends, I wish to call your special attention to the fact that you as property owners are paying too much taxes on your land valuation and the only way you can get relief is to join Auburn Park Improvement Association and help a good cause. You can do a great deal in the next month or so. We can go before the Board of Review and show them that our land valuation for taxing purposes is too high and should be reduced. Now I have explained to you why you should become a member if you are not one and I beg of you to interest yourself in your surroundings. It is the intention of the association to hold an open air meeting soon at 77th St. and Lowe Ave. on the new small park to be and we expect to have several good speakers. We expect to have as one of the speakers Mr. Walter Wright, superintendent of the small parks, so watch the Community Booster and keep posted on the date of meeting, and will ask every member of the association to try and get his neighbor to join; the fee is small, only $1.00 a year. You have all to gain and nothing to lose. Respectfully yours,

Wells S. Brown, President.

Work Called For and Delivered

Friends of Irish Freedom

Notwithstanding the inclemency of the weather on Thursday, March 4th, the Robert Emmet Branch gave a splendid entertainment at St. Anne's Auditorium on the above date in honor of the 142nd anniversary of the birth of Robert Emmet. Hon. P. T. Barry presided. Mr. H. C. Phibbs delivered a scholarly address on the life of Robert Emmet which was well received. St. Margaret's Choral Society sang beautiful songs. Margaret McCarthy gave a recitation. John O'Grady, Prof. McNamara and his pupils danced Irish jigs, reels and hornpipes. T. H. Prendergast read the resolutions which will be printed in our next issue. Space will not allow us to say more in this issue about this beautiful entertainment.

The local council, F. O. I. F., met Sunday at Kenwood hall, 43rd and Cottage Grove Ave., to make final preparations for a monster entertainment and ball at the Seventh Regiment Armory at 34th and Wentworth Ave., St. Patrick's night. This will be the great event of the season as sixty branches will participate. A large delegation from Auburn Park are going as there are three or four branches affiliated with the council in this section.

The Fr. John Prendergast Branch and people of St. Sabinas will have the privilege and pleasure of hearing Fr. Smyth of Evanston give a lecture and stereopticon views of Ireland at St. Sabinas church, 78th and Throop Sts., Tuesday evening, March 16th. This is a real treat and none should miss it. The members of the Robert Emmet Branch and their friends will attend in full force and are working for the success of this splendid assemblage.

Campaign Headquarters Auburn Park Hospital

The campaign for $500,000 with which to erect a medical center for the townships of Hyde Park, Worth, Thornton, Calumet, Lake, and Palos Park, was launched Wednesday night, March 3rd, at the charity ball held under the auspices of the Woman's Auxiliary of the Auburn Park Hospital at the Auburn Park Masonic Temple.

Mr. Ben S. Wilson, who is known to thousands of his fellow citizens as the most dynamic personality on the South Side, and who is chairman of the executive board of the campaign committee of the Auburn Park Hospital Association, delivered a fiery address.

The support of every man and woman in the hall was immediately pledged when Mr. Wilson asked for the formation of a coöperative and energetic league of boosters.

The campaign managers were highly elated as they considered the charity ball launching of the campaign a huge success.

"THE LEAP YEAR GIRLS"

Leap Year Night will never be forgotten.
February 29th—It makes some girls feel rotten
After taking their Sweeties out,
Oh! It makes them mad enough to shout.
Paid his carfare,
Swell seats at the show,
Big feed at the Golden Lily.
And all that goes with it, you know.
When the hour of 12 did strike
So did these four Leap Year Janes.
They went home all alone at 1:00 at night
Through the dark and lonely lanes (of Auburn Park Highlands).
The Bride and the Groom,
Helen and Bill,
Herb and Marie,
Lou and Lill.
They did not propose, though,
It was a good thing,
For each of these fellows
Would get back his ring.

A card and bunco party was held at the home of Mrs. M. Ryan, 8100 Green St., on Saturday, March 6th, at 2:30 p. m. for the benefit of Rosary College. A large number of ladies responded and everyone spent a very enjoyable afternoon. Twenty-five prizes were donated, one more lovely than another. Among those present were: Mrs J. Ryan, Mrs. Griffin, Mrs. T. J. Walsh, Miss M. B. Walsh, Mrs. D. C. Blake, Miss M. Cook, Mrs A. Walsh, Miss N. Rukens, Miss M. Ryan, Mrs. F. J. Breasch, Mrs. N. O'Connor, Miss F. Sun Pressure on Earth.

The light of the sun exerts a pressure of 70,000 tons on the earth, according to a British scientist.

Super-Butchery.

"We caught him, forced him at the pistol point to give up the stolen property, and then cut off one of his ears. 'It will be both ears, and both hands, if I catch you again.'"—Pictorial Magazine.

Man Who Moves the World.

The reasonable man adapts himself to the world; the unreasonable one persists in trying to adapt the world to himself. Therefore all progress depends on the unreasonable man.—Bernard Shaw.

Up-to-Date Youth.

Bobby's father asked him when Moses lived. Bobby said he did not know. His father then read from a book: "Moses 4,000 B. C." and then asked Bobby why he did not know when Moses lived. Bobby replied: "Oh, I thought that was his telephone number."

Cloth From Bark of Tree.

The famous "tapa" cloth of Polynesia is made from the inner bark of the paper mulberry. When of the finest quality it is bleached to snowy whiteness and fine as muslin. In tropical Africa the inner bark of a leguminous tree is utilized in the same way. Indeed, it is surprising to learn how widely tree barks are employed as material for clothing the world over. And in the West Indies grows the "lace-bark tree," which yields a delicate tissue so like lace that many articles of feminine adornment are made from it.

When Piano Was New.

The first public performance on a piano was at Covent Garden, London, 152 years ago. The invention of the instrument is credited to Cristofalli, an Italian; J. C. Schroter, a German, and Marius, a Frenchman. The first crude pianofortes were made early in the eighteenth century, but for many years they received no serious consideration from musicians. Johannes Zump, a German, established the first piano factory in England, and it was he who built the instrument that was used in Covent Garden.
